

## **MEMO to MEMBERS of CONGRESS and to REPORTERS:**

### **Television Channel for Congress**

The boycott requires that major media launch - in sixty days - Congress Television Channel, to be owned by Congress.

The format is television newsmagazine. The Channel gives each of the 535 members of Congress – alphabetically – a My-Newsmagazine presentation on any topics of his or her choice, to the nation and world, from anywhere on earth, including Sudan.

Any member of Congress can ‘Say anything-*show anything*-FROM ANYWHERE.’

#### **Note to Members of Congress and to Reporters:**

The format arithmetic is: 24 member of Congress anchors nightly, four Members per hour from 6 p.m. to 12. Fifteen minutes each.

**This means:** each of the 535 members of Congress gets a My-Newsmagazine slot every 22.3 days (535 members of Congress divided by 24 segments per six-hour evening).

Better, counting all 96, 15-minute segments in each 24 hours, each and every member of Congress owns for any use - hosting or deciding content - a 15-minute slot every 5.6 days (the 535 member of the U.S. Senate and House divided by 96).

### **Television Channels for Democratic and Republican Parties**

iBoycott requires that major media forthwith create Democratic Party Television Channel and Republican Party Television Channel, to be owned and operated by the national committees of the political parties, with side-by-side studio buildings in Washington, New York and Los Angeles.

iBoycott invites the Republican and Democratic committees, presidential campaigns, think tanks, Congress, blogs, corporations, Wall Streeters, unions, magazines, newspapers, social groups, associations, celebrities, and wealthy Americans to jointly convene a meeting to obtain Congress Television Channel, and Democratic and Republican party television channels.

## **Memo to Members of Congress on both sides of the aisle and to the Congressional Black Caucus:**

### **(1) To obtain the three, worldwide, satellite television channels:**

Members of Congress can phone McDonald's chief executive officer, James A. (Jim) Skinner, Oak Brook, IL at 630-623-3000.

Suggest:

Convene the the 100 largest television advertisers. This will get the television channels due to the issue of media silence about genocide in Sudan. Do this thing for the nation. The American people will honor you. You may well get a Congressional Medal. See the iBoycott document titled WALL STREET at [www.gathering-of-eagles.net](http://www.gathering-of-eagles.net)

Please get back to me tomorrow on this.

iBoycott requires that, at Boycott-settlement, the McDonald's Board of Directors receive one-hundred million dollars in money to divide among themselves, in what iBoycott calls National Honor Awards, for standing up for America **in the largest U.S. domestic crisis and scandal since 1865.**

### **(2) To obtain Congress Television Channel for the nation:**

Distribute these pages to members of Congress.

### **(3) To obtain Congress Television Channel for the nation:**

iBoycott suggests that members of Congress and others contact wealthy Americans to in turn contact iBoycott to make the small-contribution loans that can obtain:

- (1) Congress Television Channel (described previous page)
- (2) Democratic Party Television Channel
- (3) Republican Party Television Channel

**(4) To obtain the three, worldwide, satellite television channels:**

Members of Congress can phone GE/NBC Chairman and chief executive officer, Jeffrey R. (Jeff) Immelt, Fairfield, CT (email [jeff.immelt@corporate.ge.com](mailto:jeff.immelt@corporate.ge.com))  
Phone: 203-373-2211

Suggest, even in a message left with Assistant or Voice Mail:

We will hold nationally-televised U.S. congressional hearings, during prime-time hours, with subpoenas of Major Media chief executive officers, regarding:

- (1) Your NBC News' complete failure to cover genocide of over 3,000,000 black Christians in south, Christian, Sudan, one of the worst crimes in history\*. This stands to become **in the largest U.S. domestic crisis and scandal since 1865**. You sold millions of black Christians down the river.
- (2) Your complete failure to cover Islamofascist, anti-Semitic violence in Europe.
- (3) Your complete failure to cover Iran's announced plans for Holocaust II against Israel.

\* **CITATIONS:** 3,000,000 dead is a *New York Times* figure, July 21, 2005, Page: A3. National Geographic asserts 2,850,000 civilians murdered in south, Christian Sudan, in article GENOCIDE, January 2006, Page: 30. 2,850,000 is an office-reduced number to avoid the explosive 3,000,000 dead black Christians. "Deliberate famine", Los Angeles Times, October 13, 2007, Page: A23, to the death of seven-figures of Christians is not 'civil war'. The 465,000 Darfur figure, and rising, *New York Sun*, September 6, 2006. These numbers mean? Supra-crisis for Big Media

- The national volcano is going to erupt. This nation is becoming enraged at you. If we hold the nationally-televised U.S. congressional hearings, your career will be over.
- iBoycott is charging your corporation double-digit billions of dollars.
- We require that you get going on launching - in 60 days - Congress Television Channel, Democratic Party Television Channel, and Republican Party Television Channel.
- We are angry, we are very angry, we are justly-angry.
- Absolutely get back to me not later than 48 hours. This is a national emergency.
- You need to assign a major, tough executive to work on this full-time and report to you seven days a week no matter where you are in the world. We will accept no nonsense about 'travelling in China at this time'.

## **Reporters, national newspapers, and polls:**

For a national news story, call members of Congress, at house.gov, 202-224-3121, and make a list of members of Congress who want the three television channels, Congress Television Channel, Democratic Party Television Channel, and Republican Party Television Channel.

## **Congress Television Channel launch demanded, fees required for delay**

### **One-hundred million dollars per month fees for delay**

iBoycott is charging each of GE/NBC and four other named major media, including Microsoft regarding MSNBC, one-hundred million dollars per month until **Congress Television Channel**, Republican Party Television Channel, Democratic Party Television Channel, and Columnists, Commentators & Talk Show Hosts TV Channel have been launched and distributed next-to-next on standard cable. The reason for the money charge: silence about genocide of millions of black Christians.

All four channels are to be launched simultaneously with sister Internet channels for each. The conjoined Internet channels would include video, political networking, user-generated content, Internet voting, and raising campaign funds.

iBoycott owns all rights to the four channels and is the sole agency that can give the channels to the recipients, and give branded newsmagazine commentary slots on the Columnists, Commentators and Talk Show Hosts TV Channel. The boycott policy is to require the expulsion of media executives and board members who claim or act otherwise.

iBoycott requires that the boards of directors of the parent corporations of NBC News, ABC News, CBS News and CNN in turn require the news department anchors, executives and reporters to publicly present to the assembled chief executive officers of the the 100 largest television advertisers, their “total and entire” coverage of Genocide Against Black Christians in Sudan, anti-Semitic violence in Europe, and Iran’s plans for Holocaust II by nuclear weapons.

iBoycott calls the requirement that the national media now cover Genocide Against Christians, anti-Semitic violence in Europe, and include Protestant and Catholic and Jewish characters on television dramas, series and movies, Magna Carta/Federalist Papers 2, referring to the historical documents of the name.

**iBoycott’s policy is to reject what it calls feigned obstacles to setting up Congress Television Channel.**

iBoycott points out that Viacom's MTV has 137 satellite television channels worldwide, and can create television channels at will with no delays. Congress Television Channel will have free content and thus can be carried by the cable and satellite systems at no cost. There are satellites already up in space that have 1,500 unused High-definition channels on them, ready to go.

iBoycott advises Congress to accept no excuses, lies or feigned difficulties – and bluntly to remind the cable companies and satellite dish systems of Congress' powers and just-anger in all of these regards. “When you have a piano wire lasso around a guy's private parts, he tends to listen to you really sincerely,” said Terrence.

The Boycott requires that the four required channels be worldwide channels, with MTV's 137 channels worldwide as reference points.

iBoycott asserts that now that television has been invented, **each and all members of Congress have an intrinsic right to “say anything-show anything-from anywhere television.”** The censorship by the provincial, silent-about-genocide, blood-soaked, bigoted boobs of Big Media is totally unacceptable.

iBoycott welcomes consultation from members of Congress.

The boycott may accept, if offered, that GE's NBC Universal pre-empt six hours per evening on MSNBC, seven nights a week, to be Congress Television Channel until the Congress Channel, owned by Congress, is up and operating as an independent channel, 24/7, on basic cable.

MEMO to Congress:

MSNBC has an average number of viewers per hour of 80,000 (not a typo, eighty-thousand only). As Bill O'Reilly, The Factor, Fox News commented, “You could put a chimp jumping up and down and get 80,000 viewers.” GE/NBC has done so. The jumping up and down chimp is Chris Matthews. Chris “I'm a Catholic” Matthews, a craven, partisan hack, is an old Africa hand who is silent-silent-silent about Genocide of over 3,000,000 Black Protestants and Catholics in Sudan).

### **Advertising on Congress Television Channel**

iBoycott intends to structure the Congress Television Channel so that all advertising on it, perhaps two minutes of each 15-minute newsmagazine segment, is potluck. Advertising on the Democratic Party Television Channel and Republican Party Television Channel can be spit-dollar, equal on each.

### **PBS and NPR targeted**

iBoycott requires that each public affairs program on the Public Broadcasting System and on National Public Radio personally present to the assembled the 100 largest television advertisers their complete coverage of Genocide Against Black Christians in Sudan.

iBoycott asserts that the American people are not willing to pay for programming that treats Genocide of over 3,000,000 black Christians as a non-event about non-people. Word count: 721

**The largest U.S. domestic crisis and scandal since 1865:**

**MEDIA SILENCE ABOUT GENOCIDE  
OF OVER 3,000,000 BLACK  
CHRISTIANS IN SUDAN**

## **SCHEDULE of HONORS**

iBoycott requires that each of the parent corporations of NBC News, ABC News, CBS News and CNN agree at Boycott-settlement to a Schedule of Honors for:

### **The Men & Women Who Made History**

iBoycott requires that there be television shows produced on the topic of the men and women who, Founding Fathers II-like, stepped up to the plate for the American people, for the nation.

We say Founding Fathers II due to the issues raised, which see herein:

The Revolution Against Caste.  
The United America Canada Australasian States (UACAS) proposal.  
Permanent Assembly of Christendom (PAC).  
Christendom's World Historic Assembly which is the continent-to-continent version of Permanent Assembly of Christendom.  
Worldwide free forever university education for everyone in satellite-and-online Christendom University™.  
Christendom Week™.  
Christendom Daily™.  
Christendom Daily™.  
Christendom Books™.  
The Emancipation Proclamation for All Women Worldwide.

It is desirable that women carry the flag here for all women, so that history so reads.

There will be no end to The Largest Boycott in History until a long Schedule of Honors has been laid out, including parent corporation requests for Rose Garden and State of the Nation commendations.

“The United States is at the beginning of the middle part of its historical ascent,” said Terrence.
